SECOND SKIN, A BOOK BY VICTORIA BARTLETT AND RENÉE VARA, IS OUT NOW

VPL and *Vara Fine Arts* present *Second Skin*, an exhibition and book co-curated by VICTORIA BARTLETT and RENÉE VARA. *Second Skin* is a two-part conceptual project that surveys Bartlett's fascination with muscular anatomy and human skin through the works of 15 artists including DAVID ARMSTRONG, MARK BORTHWICK, PHILIP-LORCA DICORCIA, GENESIS BREYER P-ORRIDGE, KATERINA JEBB, JOE MALONEY, JACK PIERSON, and COLLIER SCHORR. Concepts of corporal dissection, examination and re-semblage are explored in the works and the compilation of images which make up the book represent the collective consciousness about the contemporary body, something evidently seen in Bartlett's *VPL* fashion label. The *Second Skin* book is available to buy now on vplnyc.com and the exhibition continues to show until 31st July at *VPL*, 5 Mercer Street, New York.
